

Manufacturers of Rapid Diagnostic  
Assays For Agriculture & Veterinary Testing

## Overview

AZOG AGRO, LLC. is a leading manufacturer and supplier of *in vitro* immunochromatographic rapid diagnostic assays for the Agriculture and Veterinary Industry.

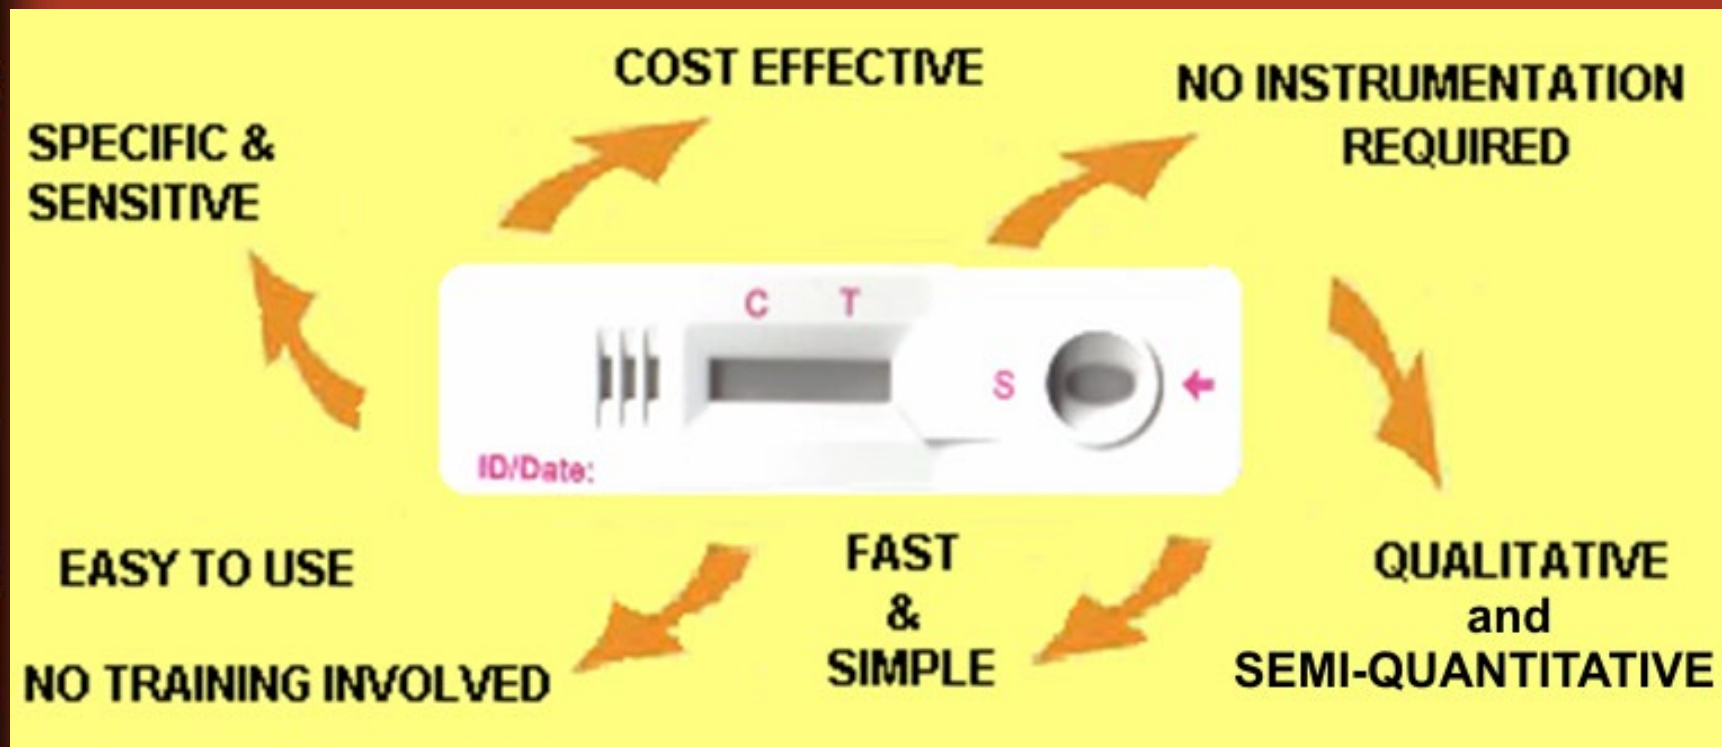

We design, develop, manufacture and market high quality, competitively priced *in vitro* diagnostic reagents for the rapid diagnostic Agriculture and Veterinary test industry.

- Why choose AZOG AGRO, LLC. to be your manufacturer of Rapid Diagnostic Tests, and Reagents for Agriculture and Veterinary Tests?
  - **Products Are Developed Using Advanced Engineering Principles – DMAD2V**
    - Define
    - Measure
    - Analyze
    - Design
    - Verify & Validate

# Immunochemical Lateral Flow Diagnostic Tests

Why use Rapid Immunochemical Diagnostic Tests?

# Rapid Test Formats

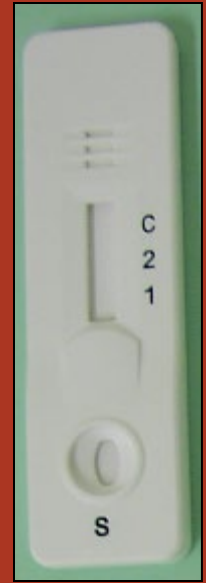

**Immunochromatographic  
Lateral Flow Uncut  
Dipstick and Cassette  
Assay Cards**

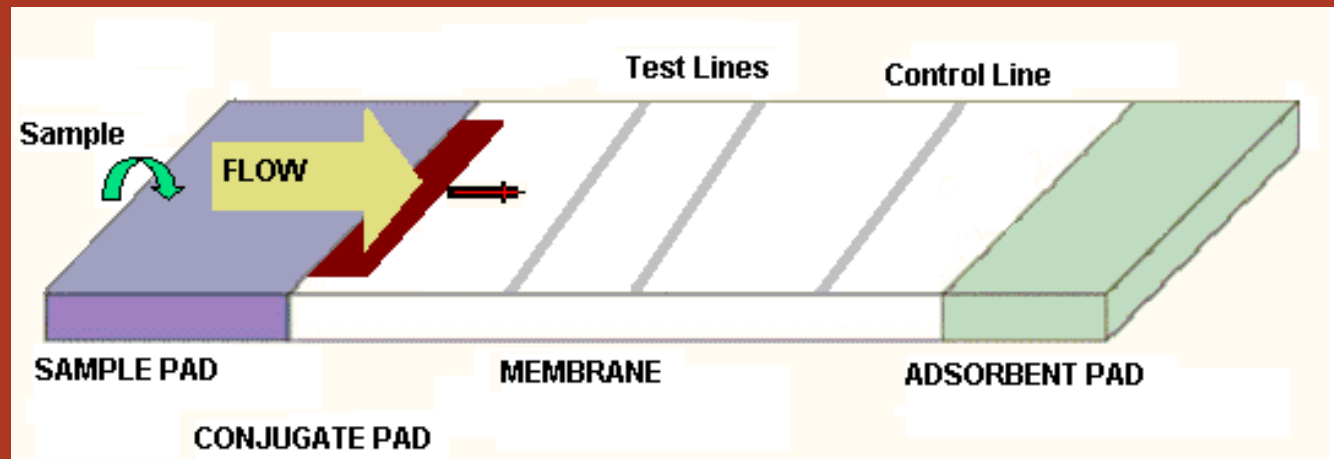

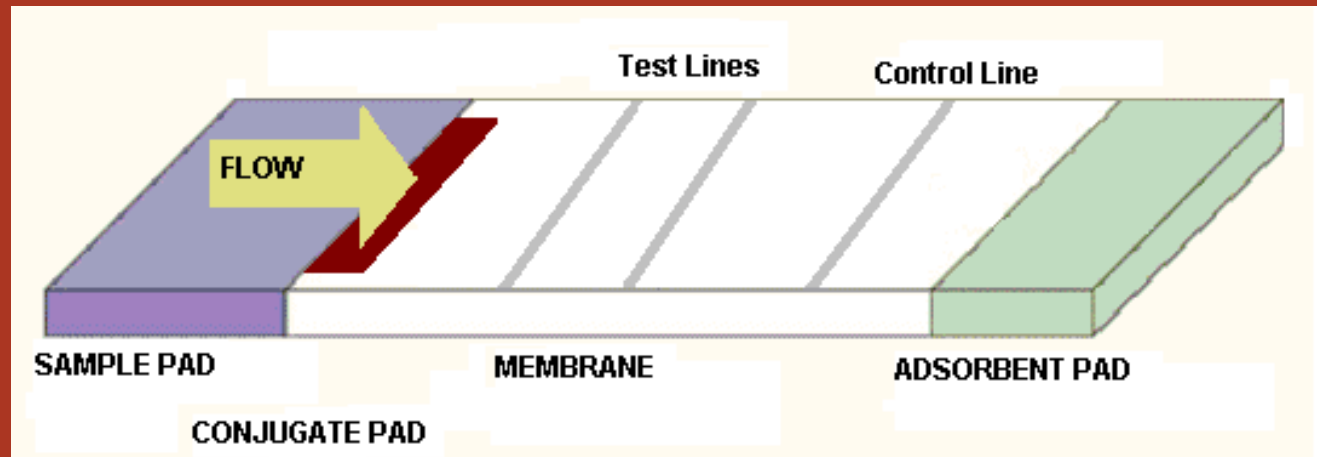

**Immunochromatographic  
Lateral Flow Dipstick  
Assay**

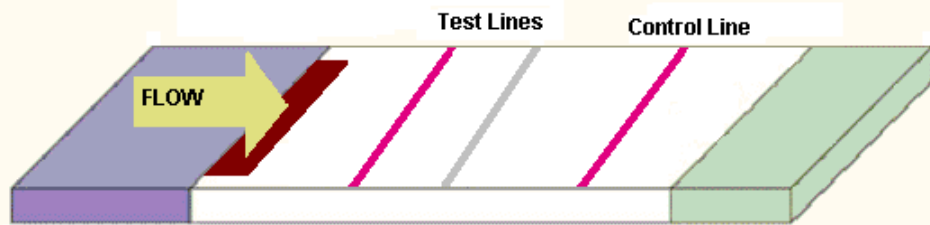

**Immunochromatographic  
Lateral Flow Cassette  
Assay**

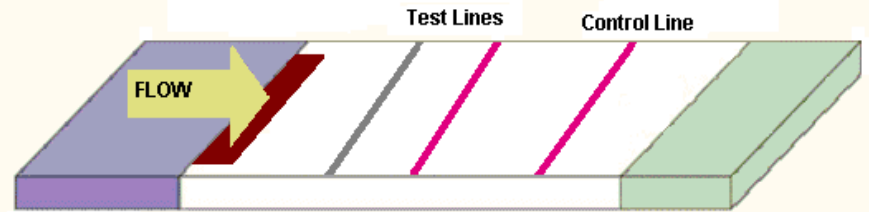

# LATERAL FLOW

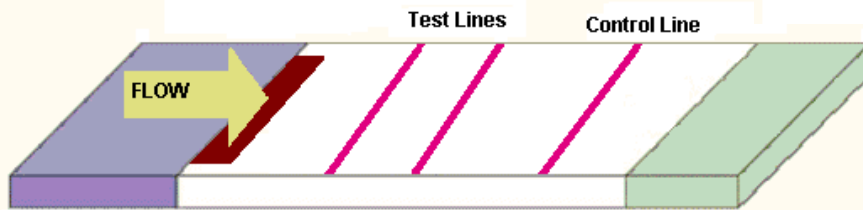

# LATERAL FLOW RESULTS

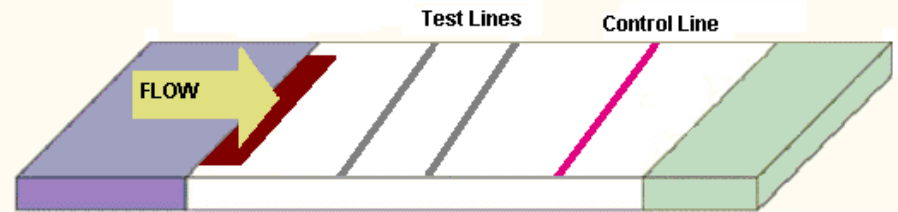

Positive Result for Test Line 1

Positive Result for Test Line 2

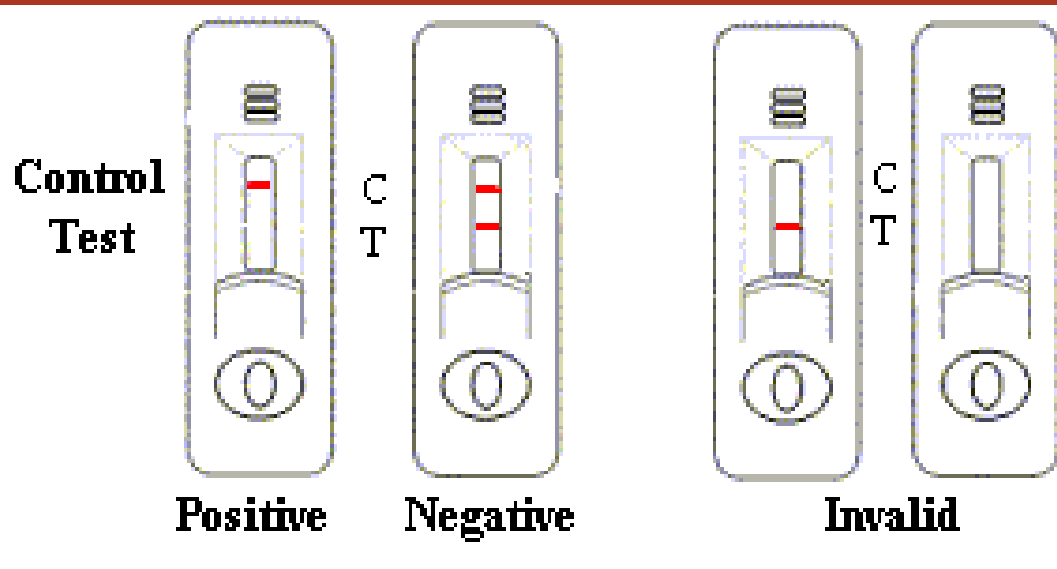

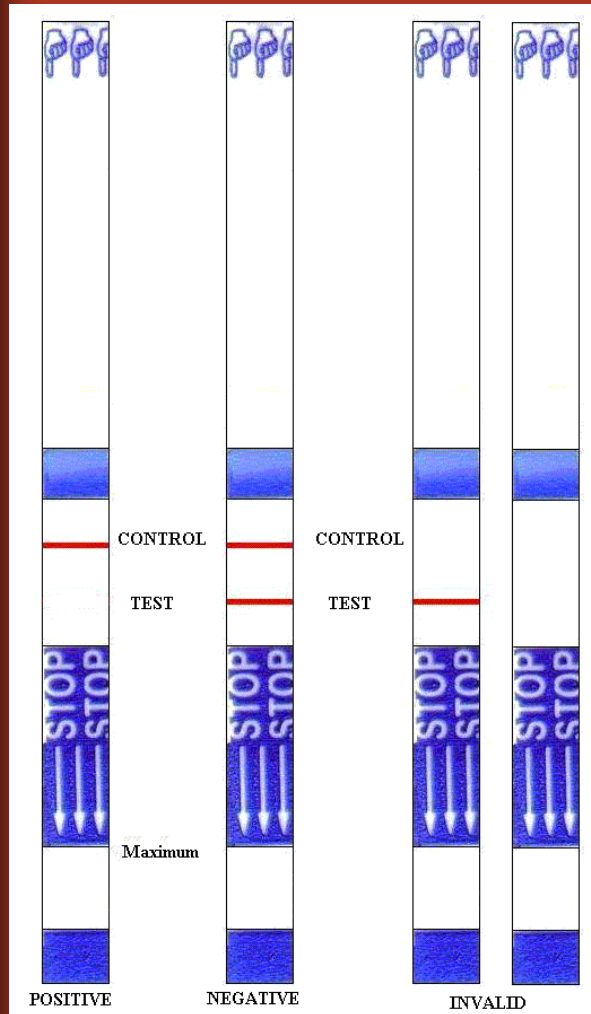

Positive Result for Test Lines 1 and 2

Negative Result

# COMPETITIVE INHIBITION TEST RESULTS

# Lateral Flow Assays Offered

- **Infectious Diseases**

- Chlamydia
- Mycobacterium TB
- Salmonella *typhi/para typhi*
- H. *pylori*
- *Giardia Lamblia*

- **Pregnancy/Fertility**

- Ovulation
- Pregnancy

- **Soil Testing**

# Other Services

## ANTIBODY & ANTIGENS

- Affinity Purified Monoclonal Antibodies
- Affinity Purified Polyclonal Antibodies
- Recombinant Antigens

## COLLOIDAL GOLD REAGENTS

- Monoclonal Antibody Conjugates
- Polyclonal Antibody Conjugates
- Protein Conjugates
- Custom Conjugates

## CUSTOM SERVICES

- Consultation Service
- Custom Antibody Development & Production
- Custom Conjugations
- Custom Gold Conjugation
- Custom ELISA Development
- Custom Rapid Diagnostic Test Development

## TECHNOLOGY

- Technology Development
- Technology Transfer
- Joint Effort Ventures
